

# Germany Blasted By Air Assaults from Britain and Russia

LONDON, Sept. 5—(AP)—British and Russian airmen administered a punishing whipsaw assault upon Germany from West and East last night, a strong RAF kindling big fires in Bremen and the Russians scattering bombs over eastern Germany and occupied Poland while unidentified Allied raiders made their first attack on Budapest.

The German war bulletin which reported the raids on eastern Germany failed to name the cities attacked, but the British

radio quoted Scandinavian dispatches from Berlin as saying that the targets included Vienna in Austria, Koenigsburg, a city of East Prussia; and Breslau, in German Silesia.

Berlin broadcast an official Hungarian announcement that Budapest and points in northern Hungary were hit by bombs dropped during a two-hour alarm by high-flying raiders, whom the Germans said were Russian.

The raid was the first on Hungary since the early days of

invasion of Russia and the brief Balkan campaign in Yugoslavia last year.

Following its night activity against Bremen, big northern seaport of Germany, the RAF sent swarms of fighters and bombers across the channel in daylight today and the Germans sent a single noonday raider over London and another over East Anglia where a shopping district was bombed.

Sharp gunfire broke out in London during the brief alert touched off by the appearance of the enemy craft.

"A heavy weight of bombs was dropped and many fires were left burning," the Air Ministry said of the Bremen assault. Fighter command aircraft were over northern France also on offensive patrols during the night.

Eleven aircraft were reported missing from the raids on Bremen, a familiar bombing target on the Weser River 40 miles from the North Sea. It was Bremen's 99th air raid.

It was the fourth straight night of British assaults against war industries and communications of Adolf Hitler's Reich.

# REDS STOP NAZIS AT STALINGRAD'S GATE

## Meandering Along the Main Stem

"How about changing the hours of some of the stores so we workers at Wright and Patterson Fields, who leave at 6 A. M. and return at 6 P. M. every day in the week, will have an opportunity to do a little shopping of evenings?" said a Wright Field employee.

He also pointed out that the large numbers of employees are paid good wages and most of them want to spend their money here, but don't have the opportunity.

Well, that's something for the Merchant's Committee to consider, so I am passing the tip on to them.

It seems that the yarn in this column about a Fayette County farm woman operating a tractor, has brought forth a number of additional women who have been operating tractors and doing other farm work during the labor shortage.

I believe the youngest of these coming to my attention is Miss Esther Straley, 17, daughter of Mr. and Mrs. Chester Straley, of Jefferson Township.

This week Miss Straley was efficiently operating a tractor mowing hay, and doing just as good work as any man who might operate the outfit.

You just can't beat these Fayette County farm women when it comes to lending a hand on the farm, whether it is baking pies or operating a tricky piece of power farm equipment, so here's today's armful of American Beauty (with the accent on the beauty) roses for Fayette County farmerettes!

At the home of Mr. and Mrs. Frank Persinger are three "wild goose" plum trees, believed to be about 50 years old, and one of them is bearing an unusually heavy crop of fruit this year.

In fact one 12 inch twig is bearing 20 plums—which is a goodly number for any kind of a plum tree.

Friends tell me that Mrs. Charles Skinner, formerly of this city, now of the Clarksburg community, possesses five kittens and that each kitten has a pronounced "V" in the center of its forehead.

Inasmuch as a cat is supposed to have nine lives, that would figure up about 45 lives added to the cause of Victory.

A well known devotee of the art of Isaac Walton, in other words a real fisherman, said to me the other day that a lot of Fayette County followers of the rod and reel were not playing their full part in this war. Why? Because the state conservation department has issued a bulletin calling attention to the fact that every pound of fish caught saves just that much beef, mutton, pork or poultry. And meat is to be rationed in the near future. And the point is, some of our fishermen have not caught a pound of fish in weeks, though many of them have tried hard enough. What's the matter boys?

Well, anyway, soon the hunters may lift some of this responsibility.

## GUN PLANT SLOWS DOWN FOR LACK OF MATERIALS

ST. LOUIS, Sept. 5—(AP)—The St. Louis Ordnance Plant, operated for the government by a subsidiary of the Western Carttridge Co., will curtail production of small arms ammunition, beginning next week, an official announcement disclosed today.

"Due to material shortages, it has become necessary to revise manufacturing schedules and curtail output," the management said in its statement.

## INVASION PLANS ARE BUILT ON AMERICAN ARMY

Britain Has Navy and Air Force Better Than Hitler's But Short on Soldiers

MANPOWER IS EXHAUSTED

So Canada and U. S. Have To Supply Army To Go in on Second Front

By WES GALLAGHER  
(Wide World News Service)

LONDON, Sept. 5—Allied hopes of opening a second front and dealing Germany a knock-out blow in this fourth year of war rest largely on the shoulders of a young and ever growing American Army. That is the combined opinion of qualified observers—and figures bear them out.

With a population half as large as Germany's, Britain has an air force that now stacks up as equal to or better than the Reich's, and Britain's Navy is far superior to anything Hitler can offer. But it is physically impossible to put a British Army in the field to match the German war machine.

Britain has drained her manpower and womanpower reserves in the last three years. Military experts usually estimate that a country can mobilize 10 percent of its population for the fighting forces, a basis which figures 4,000,000 fighting men for Britain.

Prime Minister Churchill announced in his last speech in Commons that at least 950,000 soldiers had been sent abroad, and at last accounts another million were in the RAF. No one except the Admiralty knows how many are in the Navy but there are certainly at least a half million and this does not include the many thousands in the Merchant Marine.

This leaves about 1,500,000 for the Army in the European theater, about half of whom would be needed in behind-the-lines supply services. Many thousands of home guards—over—and underground men—could be mustered for defense against invasion but these would be of slight use in any offensive action.

The general public has had an impression that colonial fliers, soldiers and sailors are doing most of the fighting, possibly

## HOOSIER GETS IN TROUBLE GOING AFTER INHERITANCE

NEWARK, N. J., Sept. 5—(AP)—Charles Bingham Hills, 35, of East Orange, arrested by federal agents for failing to inform his South Bend, Ind., draft board of his whereabouts, said he left Indiana when he heard that an uncle in Lexington, O., had disinherited him. The agents notified him, however, that the uncle had provided a \$2,000 bequest for him in his will. He was held under \$1,000 bond pending grand jury action.

## CIVIL SERVICE IS WANTED BY SHERIFF FOR DEPUTIES

ELYRIA, Sept. 5—(AP)—Sheriff Carl R. Finegan says he wants his deputies under civil service, and has sent a request to the State Civil Service Commission to arrange competitive examinations. Under an interpretation by the Ohio Supreme Court, it is the duty of Ohio sheriffs to put their deputies under Civil Service said County Prosecutor William G. Wickins.

## Mother of Four Soldiers Faces Eviction from Home

With her four sons in the armed services, Mrs. Jennie Treanor's income shrunk so low she was unable to pay the rent on her Long Island, N. Y., apartment and she received an eviction notice. The hapless mother is seen with her two 14-year-old daughters holding a service flag representing her four sons now serving Uncle Sam. Her only hope to stave the eviction is that the boys' pay and allowance ratings will be paid to her before November.

## America To Work On 1942 Labor Day

Traditional Holiday Frolicking Given Up This Year To Keep Country's War Industries Grinding Out Materials To Beat Axis—Workers Even Protest Against Few Shutdowns

(By The Associated Press)

This year's Labor Day will mean work instead of play for thousands of factory employees straining nerves and muscles to make war implements for the Allied nations' forces throughout the world.

"Ohio labor will observe Labor Day in the production plants by continuing their part in producing war materials," said George A. Strain, state director of industrial relations, in summing up the situation.

The entire nation at war gave up most of its traditional Labor Day weekend frolicking today in

## OHIO LIQUOR BOARD SUPPORTS THE ARMY

Columbus Drinking Places To Be Held Down

HARTFORD, Conn., Sept. 5—(AP)—Gov. Robert A. Hurley, who recently appealed to four mid-western governors asking gasoline rationing to help relieve the shortage in the east, made public a letter from Gov. John W. Bricker of Ohio expressing doubt that the plan would do any good. Governor Bricker's letter suggested "if the eastern states will abandon the use of tank cars for local deliveries and resort to transports and trucks, as Ohio has done, the problem will be automatically solved."

## MARINES ON SOLOMONS SEND WORD HOME BY A. P.

SAN FRANCISCO, Sept. 5—(AP)—Warren D. Murray of 2004 Fernwood St., Middletown, O., owns among Marines in the Solomon Islands signing a letter to the Associated Press asking that the home folks be notified "we are in good health and fighting condition." The request explained that there was a shortage of stationery.

## AMAZING STAND BY RUSSIANS ON BLOODY PLAINS

More Good News for Allies Comes from Egypt Where Axis Driven Back

YANKS IN THICK OF FIGHT

Soviet Defense of Caucasus Also Stiffens with Oil Fields Behind Them

By ROGER D. GREENE  
(By The Associated Press)

Marshal Semeon Timoshenko's armies, rallying in the hour of deepest crisis, stopped the Germans on the bloody plains before Stalingrad today and even stormed into Nazi lines northwest of the Volga steel city to capture booty and prisoners.

Further good news for the United Nations came from the Egyptian battlefield, where British G. H. Q. reported a new Axis retreat on the southern end of the 35-mile line and declared that British troops beat off three heavy counterattacks against newly won positions on the center.

A communique said the Axis forces "again moved slightly westward"—the third straight retreat—in the El Himeimat sector on the rim of the great Quattara Salt Basin.

On the center, the British command said, tank-led Axis infantry attempting to regain points captured by the British Thursday night ran into a withering barrage of artillery fire. British troops then charged the wavering Germans and Italians, the communique said, and drove them off.

Cairo dispatches said the British, supported by U. S. Tanks and planes, maintained "heavy pressure" on the enemy all day yesterday amid "considerable fighting."

While neither side claimed a decisive edge in the battle, dispatches indicated that Field Marshal Erwin Rommel had failed at least in the initial phase of his new six-day offensive against the El Alamein front, 85 miles west of Alexandria.

"Rommel has lost the initiative and we seem to have seized it," a British military commentator said.

Dispatches indicated the British were wary of a possible new trap set by Rommel and were guarding against a repetition of the disaster at Tobruk last June, when he sent a small force of tanks forward as bait and lured the British into a nest of hidden anti-tank guns.

Front-line advances said United States tank crews, riding "General Grants" into action in the first two days of the battle, showed they could both take it and hand it back. U. S. Army headquarters said a single American tank knocked out six Axis tanks and probably wrecked two others.

The crew of another American tank "bailed out" after their General Grant had been hit by five shells, then returned and drove it off the field.

Meanwhile, Allied planes strafed Axis vehicles rolling east toward the battle scene and smashed at Axis shipping off Tobruk, setting on fire and probably sinking three vessels including a destroyer.

On the Russian front, the Soviet high command reported in its midday bulletin that the Red armies had stiffened after three successive days of withdrawals, halting the all-out Nazi assault on Stalingrad.

Dispatches to Red Star said Marshal Fedor Von Bock was now "assembling his last forces"

(Please Turn to Page Six)

## Wages and Farm Prices To Be Limited Through Presidential Edict, Tip

Quizzed in Gang Probe

Sue Eldington, left, and Peggy Wells, held by Chicago police on a disorderly conduct charge, have been questioned about their alleged connection with a \$100,000 holdup gang after one member of the gang, charging he had been cheated by his companions, confessed and implicated others.

## Hoarding By Merchants To Be Stopped by WPB To Get Fair Distribution

WASHINGTON, Sept. 5—(AP)—The war production board moved today to crack down on merchants' hoarding of civilian supplies in order to assure an equitable nationwide distribution of necessities.

The WPB approved yesterday a program under which inventories in the hands of retailers and wholesalers will be controlled.

The plan, expected to become effective early in 1943, resulted from problems created by heavy buying on the part of some dealers, threatening to create sectional shortages.

Donald M. Nelson, WPB chairman, said the plan would contribute to an equitable distribution of inventories and could be accomplished "without unnecessary hardships or difficulties" for the retail and wholesale trade.

But the plan means that those affected will not be able to stock up beyond normal inventories.

A special committee drafted the program after conferring with hundreds of merchants and manufacturers. The latter also may be limited in their inventories.

A forthcoming WPB order will require reports from each dealer of his stock on hand and his sales by quarters of the year, accompanied by a statement of normal inventory.

Be a regular on the home front! Make regular pay-roll purchases of U. S. Defense Savings Bonds and Stamps.

## REFRIGERATOR SALE AUTHORIZED BY WPB

50,000 Held by Dealers Are Released To Public

WASHINGTON, Sept. 5—(AP)—The war production board released today for sale to the general public about 50,000 domestic mechanical refrigerators, which had been frozen in the hands of dealers and distributors since February 14.

The order, WPB said, will facilitate acquisition of new refrigerators by consumers who certify they have no other refrigeration equipment at their disposal. Refrigerators in the stocks of manufacturers and affiliated distributors may be released only upon WPB authorization.

The office of price administration, meanwhile, announced that manufacturers' and distributors' maximum prices for the sale of the refrigerators would be established within a few days.

## LOCKBOURNE GLIDER UNIT TO MOVE TO NEW FIELD

COLUMBUS, Sept. 5—(AP)—The army announced that a glider training unit, now operating from the nearby \$7,000,000 Lockbourne air base, would be transferred to an unannounced destination by October 1. The base originally was planned for training of bombardiers

## CURB ON RISE OF LIVING COST IS THE PURPOSE

Plan Also To Tighten Up on Spending and Encourage Debt and Tax Payment

WASHINGTON, Sept. 5—(AP)—A drastic presidential order limiting all wages, salaries and farm prices was in store for the nation today in an unprecedented move, government officials revealed, to thwart a threatened runaway rise in the cost of living.

The responsible sources who can not be quoted by name, said the decree, as drafted by President Roosevelt for issuance on Labor Day, calls for creation of an economic administrator to carry out these policies and others designed to halt rising wartime living costs.

In effect, the presidential edict is scheduled to tighten the purse strings of every American to luxury or unnecessary spending but open them wide to payments of debts and more taxes, and to greater war bond purchases.

Even Mr. Roosevelt's advisers who aided in preparing the message regarded it as almost revolutionary because an act of Congress virtually will be set aside by the farm price section of the order which effects a provision of the price control act specifically forbidding any price ceilings on farm products at less than 110 percent of parity.

The President will say his wartime powers and duties are sufficient authority for the order. Already mentioned as possibilities for the post of economic administrator were Governor Herbert H. Lehman of New York, Wendell Willkie and Bernard M. Baruch.

General provisions of the decree as outlined by authoritative informants is expected to prohibit wage increases above the January 1, 1941, level by more than 15 percent, the approximate rise in living costs since that date. Workers paid by the hour, however, will not be prevented from receiving more for extra hours employed, and it was indicated that those who had received more than a 15 percent increase since January 1, 1941, will be permitted to continue on the basis of the increased pay.

While wages will constitute the amount paid by an hourly rate or other compensation up to \$74 weekly, salaries will include amounts ranging from that figure to \$7,500 a year. It is still to be decided whether salaries will be frozen or permitted to be raised on the cost-of-living formula, but on salaries above \$7,500 a year increases will be forbidden.

Farm prices will be frozen also although revision may be made later on the charges for some products with some of the revisions to be downward, it was said.

Government officials said income tax laws will be used particularly to enforce wage provisions of the order. Refusal to allow employers "business expense" deductions for unauthorized wage increase would bring increased taxes on employers. A matter of normal economy most employers were expected to abide voluntarily by the decree.

(Please Turn to Page Six)

For The Farmers

of Fayette County

# Hog Production This Year Sets All Time Record

## FAYETTE COUNTY FARMERS SHARE IN PRODUCTION

Similar Record for 1943 Is Looming Due To Heavy Demand

Fayette County farmers have an important part in hog raising in the United States which will set an all time record for this year, and will actively participate in a similar program for 1943 which may surpass that of this year.

While the estimated number of hogs in Fayette County on January 1 this year was around 100,000, there have been thousands of spring pigs added to the number since then, and the fall crop may exceed the great number during the same period farrowed in 1941.

But more important to the farmers of Fayette County and the nation generally is the fact that this year the average price of hogs will run \$12 to \$13 per 100 pounds—the highest average since 1920 when the average was \$14.15 for the year.

In 1941 the average price paid in Fayette County was \$9.45, and for previous years the prices averaged as follows: 1932, \$3.65; 1933, \$4; 1934, \$4.75; 1935, \$9.25; 1936, \$9.85; 1937, \$10.05; 1938, \$8.15; 1939, \$6.60 and 1940, \$5.75.

The total pork produced in the U. S. this year will be the largest amount on record, and will probably be around 27.7 billion pounds.

Increased price of pork and a of the meat has been due to the fact that lend-lease requirements for this year will take about one-fifth of the total production of pork, and one-third of the total production of lard.

Present lease-lend requirements of beef are negligible, but the army requirements are increasing and are unusually large. Since the lend-lease purchases are from federal inspected meat, they will tend to reduce the urban supply of meat.

Last spring the total number of pigs raised in the United States totaled nearly 62,000,000 head, or a 25 percent increase over the 1941 spring crop, and much larger than the largest spring crop on record.

The number of sows that will farrow this fall is also 25 percent above the number last fall, and it is expected that fall pigs will number 43.5 million head. This is about 50 percent greater than the average fall crop of the several years prior to the 1934 drought.

Next year's crop of spring pigs may reach an even greater number than the crop last spring.

It is believed that the "saturation" point is near in hog production in the U. S., due to the rapidly decreasing farm labor.

## DOWN ON THE FARM

By THOMAS E. BERRY

**BEE PASTURE**—Folks who are keeping some bees would like to see many blooming plants for them during the fall, and we may have them. A friend who has had some experience with bees says that if we have plenty of golden rod bloom that it is excellent bee pasture; but have you noticed how little there is of this, since mowing of permanent pastures has become an approved farm practice? Mowing helps control the weeds in a pasture, tends to thicken the stand, and to increase the yield, but it also reduces the number of blooming plants that formerly provided much bee pasture. Of course many fields will not be mowed

and we will have a lot of steel weed blossom or fall aster as it is commonly known, that will be of value to the bees. It would be a good plan to continue looking at the supers, about every two weeks during the fall, for we may yet have a surplus of money for the colony, and some in the supers for the owners.

**A CORN FIELD CLEAN NEAR THE ROAD**—I just passed a corn field in Fayette County that was clean, near the road, but if you looked closely, you could see that farther back, there was still a lot of hoeing to do.

(Please Turn to Page Three)

## Firm Livestock Prices Predicted for Wartime

Choice fat steers will work the feed lot too long. In the following article, in which the opinions expressed are Mr. DeWitt's and do not reflect the views of this newspaper, the prediction is made that while \$15 hogs may be a thing of the past, \$14 hogs have a permanent wartime place.

By FRANK DEWITT

The chairman of Canada's War Time Prices and Trade Board, and the price administrator for the United States have just concluded a series of conferences. Their conclusion is that both the American and Canadian efforts to control inflation will fail unless the United States imposes ceilings on wages as well as farm prices. Both men have agreed that a price ceiling cannot be fully effective without a wage ceiling.

However, as the last straw can break a camel's back, so a price schedule prohibitive of profit can reduce meat supplies, or putting a new one on the live animal, or enforcing the old ceiling by a porcess of law will have no other effect than restricting production.

Anything coming out of Washington.

(Please Turn to Page Three)

Reports indicate that farm stored wheat is becoming infested with red weevil unusually early this year, and farmers are being warned that the destructive insects may cause extensive damage unless they are given attention or wheat is moved.

Probably not in a great many years has so much wheat been stored in granaries on farms in the county, and widespread damage to much of the stored wheat is looming if it is kept into next year and the weevil continues to spread.

Incidentally many farmers are now disposing of their wheat around the government guaranteed price of \$1.24 per bushel, and this wheat is being delivered to elevators.

**SOYBEAN CROP ESTIMATE**

CHICAGO, Sept. 5.—(P)—C. M. Galvin, crop expert, estimates Ohio's 1942 soybean harvest at 22,440 bushels and that of the nation at 181,456,000 bushels, which would establish a record. The country's 1941 production totaled 106,712,000 bushels.

## PRICE CEILINGS ACT AS CURB ON CATTLE FEEDING

Unusually Large Profits—or Losses—Unlikely Under Present Conditions

By WILLIAM FERRIS

(Wide World News Service)

CHICAGO, Sept. 5.—Price ceilings for beef probably will prevent any material rise in fat cattle prices over the next eight to ten months and "prospects for unusually large profits from feeding are thereby eliminated," the Bureau of Agricultural Economics said today in a summary of the cattle feeding situation.

The Bureau added, however, that despite the somewhat clouded price outlook, "a considerable amount of cattle feeding is expected to take place during the coming season."

"Feeding of cattle to relatively heavy weights and high degree of finish probably will be curtailed," the Bureau asserted, "but many farmers will still find it profitable to utilize considerable of grain and other concentrates as well as hay and roughages in fattening cattle."

An earlier report of the Agricultural Department showed, however, that there were 19 percent fewer cattle on feed in the midwest this August 1 than on the same date last year.

Shipments of cattle to market have been unusually heavy recently. Preliminary estimates of arrivals at 12 major markets in August totaled 1,022,500 head, the largest since last October. Highest marketings almost invariably take place in October. Last August 755,134 head arrived at the same 12 markets.

Receipts this week at Chicago have been the largest for any week since 1936, and prices have moved lower on practically all classes and grades. Strictly choice and prime steers were the

(Please Turn to Page Three)

## Fayette County Shepherd's Club

Does it pay to grade lambs and sell them only as they become of top grade? If the experience of the successful lamb pools of the Shepherd's Club is any guide, the answer is "yes." Last Friday's lamb pool results were as follows: double blues, \$16.75; single blues, \$16.00; red dots, \$15.25. The difference of \$1.50 between the double blues and red dots was a matter of weight. The double blues or tops were finished and ready for market. The red dots lacked those few extra pounds needed to bring top price. The records show that many of the medium lambs miss the higher grade only because they are not quite finished. Many medium lambs weigh 70 pounds or less. If the grower had left these lambs with the ewe two or three weeks longer and allowed them a little grain, a large percentage of them probably would have made the top grade.

Richard Babb, a member of the Washington High School, increased his pure bred flock this week with the addition of five registered Shropshire Yearling ewes from the James flock at Yellow Springs, Ohio. One of the ewes is by the Gibson ram who was champion ram at the National Shropshire Show last year. Grandfather, Albert Babb, is really enthused over Richard's efforts and accompanied him on his buying trip. He is not only him encouragement but also material backing. Richard is sure to come out on top. He now has

## UNION F.B. COUNCIL WANTS TIME CHANGE

Meat Ration Will Lead To Farm Butchering, Belief

The Union Township Farm Bureau Council today was on record formally in favor of changing the time in Ohio from eastern to central war time as the result of action on discussions at its last meeting at the home of Dr. James Silcott and Mrs. Judith Robinson.

Mrs. W. R. Moats acted as chairman and conducted the business session and Walter Engle lead the discussion of questions submitted by the members. Among the conclusions reached were: meat rationing will create a return to farm butchering; rubber is needed to win the war and now is the time for the Farm Bureau to purchase its own refinery.

Questions unanswered and carried over until the next meeting included: How can we keep our schools in session with industry paying higher wages than teachers' salaries? With prospective bus shortage, how can we keep our children in school? If the allied nations need food and synthetic rubber can be made from grain, why do we have crop curtailment?

Miss Nancy Crawford and Miss Jean Cavinee assisted the host and hostess in serving refreshments at the conclusion of the meeting.

(Please Turn to Page Three)

## WOOL MARKET

BOSTON, Sept. 5.—(P)—The Commercial Bulletin said of the Boston wool market today:

"A heavy movement of wool developed here this week, following the announcement of plans by the Army quartermaster depot for early purchases of 35,000,000 yards of uniform materials. The government's effort to stabilize domestic wool, as promised some weeks ago, is reflected in specifications on the new goods.

"Most of the prospective business is in wools. This was tended to concentrate recent wool demand upon medium grades, both shorn and pulled. Broad demand and decreasing unsold supplies gave a rising trend to prices. Bullish feeling among growers on their remaining unsold wool also contributed toward strengthening of values for wool here."

The paper published these Ohio prices:

Domestic fleeces—Delaine unwashed 46-49; 1/2 blood combing 46-48; 3/4 blood combing 51-52; 1/4 blood combing 51-51.

## SCHOOL PUPILS TO HELP PICK OHIO APPLE CROP

CANTON, Sept. 5.—(P)—A shorter school week is being sought for Stark County High School students until the end of the apple season.

John M. Hayne, manager of the U. E. Employment Service office here, said today he had asked the State Education Department to excuse high school students three days a week so they could take jobs harvesting the bumper apple crop and vegetables in the nearby Hartsville swamps.

## LITTLE TOBACCO IS GROWN IN COUNTY

While a great deal of white burley tobacco is grown in Highland County, very little of the weed is produced in Fayette County, and it is believed that only three or four small patches are to be found and these in the southern part of the county.

Harvesting tobacco is now under way in Ohio and Kentucky.

"The Arctic boat" is Navy slang for a refrigeration ship that carries the meat.

## AUCTION SALE

Premier Offering of  
Scotch Shorthorn Cattle

EARL E. EVANS and SON, WOODSTOCK, OHIO

and

DAVID S. GRAHAM, SOUTH SOLON, OHIO

The Sale Will Be Held at the Fairgrounds at

London, O., Monday, Sept. 14, 1942

Sale Will Start at 1:00 P. M.

The best families of the best breed of cattle are represented in these two noted herds, namely: Augustas, Roan Ladies, Maudes, Rosewoods, Lavenders, Broadbrosks, Mulberries, Duchess of Glosters, Dorothys, Cecilias and Missies. There will be 37 females and 9 bulls. Eight cows sell with calves at foot. Buy these royally bred cattle and keep them on the farms in this state. Prices are still at moderate levels. Attend this sale.

For Illustrated Catalog of the sale, write to  
Hal Longley, Sale Mgr., 37 Island Avenue, Aurora, Illinois.

## Guernsey Cattle Sale

Chas. T. Hay Absolute Dispersal

50 — REGISTERED GUERNSEYS — 50

Friday, September 18, 1942 — 12:30 P. M.

Sale at the farm four miles east of Ashville, Ohio, on Route 752. Lunch served at the farm.

The herd is high producing with D.H.I.A. records, the cows being sired by Caumsett Native and two sons of Langwater Count A. R. Udders and type are far above average.

Sires to be sold are a 3-year-old son of Langwater Duvaux A. R. and of a 778.8 lbs. fat cow. Also a yearling son of Coronation Reflector.

Herd under Federal supervision eight years, vaccinated and Bang Free; also T. B. and Mastitis tested.

Also 30 ten gallon milk cans, and double unit Universal milker.

## Softball Season To Come To End Here Next Week

### Big Ten Gossip

By CHARLES CHAMBERLAIN  
(By the Associated Press)

Cutting corners around the Big Ten football circuit:

Return of 147 grid lettermen in the conference this season makes a rosy picture despite the wailings heard about losses. Twenty-two came back at Wisconsin, 20 at Minnesota, 18 at Ohio State, 17 at Northwestern and Purdue, 16 at Illinois, 14 at Indiana, 12 at Michigan and 11 at Iowa.

Minnesota should win the championship—its third in a row, its seventh since 1934... the Gophers have enough material left over for a good team, but outstanding sophomores should make it a great team... A favorable schedule gives them a running start—they play only one Conference team, Illinois, in the first month...

Wisconsin should be the most improved team and this should be Harry Stuhldreher's "lucky seven" year... The Badgers will be faster and more experienced with unusual reserve strength in the line, heretofore a weakness... There are seven regulars back and 36 sophomores on hand, 11 of whom are rated grade-A.

Indiana will have trouble riveting together a line, for Bo McMillin lost eight lettermen, and only one was a backfield performer... the nearest thing he has to a veteran guard is a lad who played only 47 minutes last fall... Practices brought double-trouble—Dale Swihart, senior wingback, suffered a broken wrist the opening day... Billy Hillenbrand fell from a horse. His elbow's in a cast and he'll be out of scrimmages at least a week.

This may be Purdue's best year since 1931... Elmer Burnham, the new bossman, discarded the familiar Notre Dame attack for a short punt formation with variations and an offensive shift from three backs in a row... He says there can be no such thing as a first team and that each man on the bench is as important as the man on the field.

What Northwestern lacks in power, it will make in a diversified attack built around speed and passing by four junior backs, Otto Graham, Don Buffmire, Ed Hirsch and Dud Kean—only returning backfield lettermen.

Oddest note of the early season was struck by stories emanating from Michigan that Tom Kuzma, the 1941 sophomore wonder, will not be as great a halfback this season... Fritz Crisler says he's worried about his star, but it may be just another of his bear stories... Look out, as usual for Michigan.

While looking around for All-American prospects, observers say watch Tackle Dick Wildung and Back Bill Dailey of Minnesota; Hillenbrand of Indiana; Graham of Northwestern; Back Pat Harder of Wisconsin; End Bob Shaw of Ohio State—and Kuzma of the Wolverines.

### 'Coon Dog Trials At Kenton Draw Big Entry List

KENTON, Sept. 5—(AP)—The elite and the lowly of the canine world pit their instincts here Sunday and Monday for \$4,000 in prizes at the 16th annual Leafy Oak National Field Trials. Entries for the big trailing and treeing event may reach 400, the largest in history, Henry J. Pfeiffer, chief of the trials estimated today. He said 307 already were entered. Last year's entry of 243 was a previous record.

The meet is not limited to hounds but is open to "any dog that can trail, tree a coon and bark," Pfeiffer explained.

Prizes of \$55 will be offered in some 30 elimination heats. The grand award is \$1,000.

### League Leaders

**NATIONAL LEAGUE**  
Batting—Reiser, Brooklyn, .328.  
Runs—Ott, New York, 100.

Stolen Bases—Case, Washington, 36.  
Pitching—Hughson, Boston, 18-4.

### FULL SCHEDULE IS TO BE SPICED BY TITLE GAMES

YM-YW Summer Recreation Program Tapers Off with Reopening of School

Next week's softball games at Wilson Field will end a successful season, which has been a part of the YM-YW summer recreation program.

This comprehensive program has been carried on all through the summer with activities for all ages.

The Field House at Gardner Park has been open all summer and it provided ping pong tables for the enjoyment of any who might want to play.

It has been necessary to have three different recreation directors. Two of them to go into some other field. The first was Tommy Doyle, a former teacher at WHS, who resigned shortly after the program was started to go into the Coast Guard. The second was Eddie Mitchell, resigned last week so he might get ready to start at Wilberforce College near Xenia, where he was awarded a scholarship. The third and last director was Gordon Lanum who will complete the summer.

Next week's games will be the last until next year. All of the league championships are being played. The Church League championship will be decided on either Monday or Wednesday night when the Presbyterians meet the Methodists on both nights. The Industrial League championship will be decided on either Thursday or Friday night. If one team wins both games Wednesday and Thursday nights the championship will be decided but if they split the games, the playoff will be held Friday night.

The YW-YM has been supervised by the secretary, Mrs. J. Rankin Paul, who has arranged special games for the townspeople's interest during the summer.

**Schedule For Week**  
Following is the schedule for next week:

**MONDAY**  
7 P. M. Methodist vs. Presbyterians.

8:30 P. M. American Legion vs. Madison Mills Grange.

**TUESDAY**  
8 P. M. Lions vs. Rotarians (YM-YW benefit).

9:30 P. M. Selden Grange vs. Albers.

**WEDNESDAY**  
7 P. M. Church championship game between Presbyterians and Methodists providing Presbyterians win Monday night. Otherwise, Methodists will be undisputed champions.

8:30 P. M. Light's Dairy vs. Fayette Grange. (First game of three to decide Industrial League championship. Team which wins two out of three will be champions of the league).

**THURSDAY**  
7 P. M. Special Church League game with two teams made from best players in all teams.

8:30 P. M. Second game for Industrial League championship between Light's Dairy and the Fayette Grange.

**FRIDAY**  
8 P. M. Third game, if Light's and Fayette Grange have split games on Wednesday and Thursday nights, to decide Industrial League champion. (This game will not be played if one team wins both games with first two nights of the tourney).

**Former Tennis Champ Wed in Buenos Aires**

BUENOS AIRES, Sept. 5—(AP)—Ensign William Donald (Don) McNeill of Oklahoma City, a former student at Kenyon College, O., and United States national tennis champion in 1940, was married yesterday to Helen Hyde of Buffalo, N. Y., in a civil ceremony. A religious ceremony will be held Sunday.

**Record Crowd Expected At Beulah Park Opener**

COLUMBUS, Sept. 5—(AP)—A record crowd was anticipated today as a 19-day fall running race meeting opened at Beulah Park. Feature event was the Inaugural Handicap for a \$500 purse.

### Rotary-Lion Game Tuesday Night Is YM-YW Benefit

Spurred by the feeling that the YM-YW summer recreation program has filled a need in Washington C. H., not only well but with funds much smaller than in previous years, the Rotary and Lions Clubs have arranged a benefit softball game to be played at Wilson Field next Tuesday evening.

Inasmuch as the recreation program has been carried on as a public project designed to bring entertainment to as many men, women and children in all walks of life as possible, the admission price has been held to 10 cents—and one cent of that goes to the government in the form of a tax to help ease the wartime burden.

All of the proceeds from the game are to go into the YM-YW pocketbook already getting a bit flat. Plans are now being worked out to make this event even more than a softball game—as if that were not enough to attract interest in itself. Hopes are for making it a sort of community get-together, as the YM-YW secretary, Mrs. Rankin Paul, described it. The candidates for county offices have been invited to come and stand up so the people can see the men who are asking them for their votes at next November's election. And, efforts are being made to get at least part of the high school band out for an added attraction. This admittedly was a little doubtful, because the band is just now beginning to reassemble after the summer vacation. But, the promoters figured it was worth a try. Given good weather, they hope to have a crowd of 1,000-plus out—that would bring in the enormous sum of \$100. But, then it is pointed out that \$100 looks big to an organization that has been operating on a shoestring.

As for the softball game, the crowd that packed the park for a diamond battle between the two service clubs two weeks ago is convinced that a variety entertainment is in store. The rare combination of some good softball mixed up with a lot of comedy was dished out before and there is every reason to expect the same again, except possibly in bigger doses. Added to that, this will be the "rub" game between the two clubs. The Rotarians won the game when they met for the first time two years ago and the Lions won when they met for the second time two weeks ago.

### Blue Lion Football Squad Grows as Drills Progress

Football practice for the Blue Lions is progressing rapidly and the boys are getting in better shape every day now.

Seventeen boys, the largest number yet, are now coming out

for the regular drills but there are a few more yet to appear on the scene.

Two most recent to report are Don Harper and Bill Rudduck, both of whom played a little last year. They have been practicing with the other boys and are now coming along better.

Both the head coach, Jerry Kessel, and the assistant coach, George Miraben, also a newcomer here this year, are working with the boys each morning and evening.

They are now practicing blocking and tackling at Gardner Park and quite a large number of fans gather there each evening to see the boys go through their paces.

The 1942 season Blue Lion football schedule will be announced the first part of next week. Season tickets for the home games are now being sold by members of the football squad.

### Fayette County Shepherd's Club

(Continued from Page Two)

one aged ewe, six yearling ewes, two ewe lambs and his ram. This flock is another positive result of the fine work done by Mr. G. B. Vance in the local school. Mr. Vance has some very interesting plans for this next year. More about them later.

Artificial respiration will sometimes save the life of a sheep. The most successful method is to have an assistant grasp the two forelegs and raise the forequarters off the ground so high as possible for a second. Then as the fore end is lowered, a second person raises the hind quarters, smacking the abdomen with the flat of the hand slowly but firmly, while the animal is on the ground, either on its side or back. Carry the animal out in the open if possible.

**CEILING PRICES ARE CURB ON INCREASE IN CATTLE FEEDING AND BIG PROFIT**

(Continued from Page Two)

exception, holding steady. Medium grade weighty steers were 25 to 50 cents lower and light cattle lost 50 to 75 cents.

Hogs closed the week down about 10 to 25 cents. Heavy weight offerings and sows showed most resistance to the downturn. Spring lambs lost about \$1, closing at the lowest of the season.

not sound policy in these uncertain times.

Let hogs go to town before the 250 pound stage. Killers can see them to advantage at that weight—carry them longer is dangerous.

### CHANCE FOR REVENGE COMES TO GIANTS IN SERIES WITH BROOKS

By AUSTIN BEALMER  
(By the Associated Press)

Bolstered by the return of Pete Reiser and the bankroll of Larry MacPhail, the Brooklyn Dodgers faced a showdown in the National League pennant race today as they moved into New York's Polo Grounds to tangle with the galloping Giants, who have waited eight years for this opportunity.

It was in 1934 that the Dodgers jumped up from the second division and tripped the Giants on the threshold of the National League championship, forcing Bill Terry to eat his widely publicized query concerning the whereabouts of the Brooklyn Club.

With the shoe on the other foot, Manager Leo Durocher of the Brooks has been careful not to include among his many utterances a statement which he also might have to devour, but the Giants haven't forgotten the humiliation they suffered in 1934.

Nor did they appreciate the Brooklyn hospitality on their last visit to Ebbets Field, when the Dodgers took four in a row.

In spite of that quadruple setback, the Giants are winding up their best season since 1937, when they won their last pennant.

All of which makes the three-game series opening today the toughest for the Dodgers between here and the end of the line.

Once over this hump, the Dodgers have only two more games with the threatening St. Louis Cardinals, one with the Giants and 11 with the Boston Braves and Philadelphia Phils, all but three of them on their home grounds.

When they take the field today the Dodgers will welcome Reiser back to the fold after an injury layoff and the Brooklyn fans will welcome Pitcher Bobo Newson, purchased by President MacPhail on the road trip just ended to help the club "insure" the pennant.

Taking advantage of Brooklyn's idleness yesterday, the Cardinals jumped to within four games of the pace setters by downing the Cincinnati Reds, 5-3, in a night contest. In the only other game in the league last night, the Chicago Cubs collected ten hits off three Pittsburgh pitchers and whipped the Pirates, 5-3, behind the seven-hit hurling of Hiram Bithorn.

Play in the American League was confined to two teams, the St. Louis Browns and Cleveland Indians, who started a double-header with an afternoon game and finished it under the lights.

The Browns took both games, boosting their third place margin over the Tribe to two games and a half. Scores were 6-3 and 4-0.

The only other game scheduled in the American League, a night affair between the New York Yankees and the Washington Senators, was postponed until today because of weather.

### On the Farm

By Thomas E. Berry

(Continued from Page Two)

I liked the way this man planned his work, for those who pass his field will get some pleasure from seeing the improvement he is making in its appearance, long before he is through hoeing out some large weeds.

**A VERY HOT JOB**—"I'm doing a very hot job, hoeing the few remaining vines out of my corn, but I think I will be well repaid," a very good southern Ohio farmer just told me. "I know it is late in the year to be fighting vines, and some farmers will tell you that they won't do much damage to corn from now on, but I don't think so; weeds and vines will damage the crop until it is made," he continued. Is he right about this?

**THE SHORT FALLOW**—You see it used some in Ohio, at this season of the year. The oats ground is plowed in July or early August and then cultivated at intervals of a week or ten days, until time to sow wheat. Handing soil in this way has a tendency to liberate available plant food material to control weeds, and to make a seed bed that is almost ideal for wheat, for it is fine and firm, and well supplied with available moisture.

Of course it is not wise to use the short fallow on rolling land, most years, for if we have heavy rains, like we are having this year, there will be a lot of soil washed away, and gullies will form quickly in the field.

I recently passed one field where this had happened. An alfalfa seeding was attempted, but present predictions are that the stand will not be very good.

**A PIG VILLAGE**—"Look on the right. We are passing a pig village and the houses are crowded," Mrs. Berry recently said, as we drove through northern Fayette County. She referred to two large sun shades, covered with straw, that were about as full of "stockers" as it would be possible to get them, all crowded together, trying to escape the blistering heat of the sun, in the middle of the day.

The hogs didn't seem to be very hot and I noticed that there was water and a feeder close to them. Wouldn't you call that a pretty good animal husbandry practice?

**BLIGHTED CORN**—I was recently surprised to see a large field of blighted corn in northern Fayette County. You see very little blighted corn this year.

A few high yielding strains of hybrid corn will blight at times, but there are many that blight very little.

Iowa 939 is one of them. U. S. 13 is another that doesn't blight, most years.

If you are considering changing the kind of hybrid corn you will raise next year, don't forget to ask about its blight resistance for blighted corn has fodder that has greatly reduced food value and then the yield of the grain may be reduced, if the plant materials that are stored in the kernels, are made in the leaves and transported to the ear, where they are stored. Anything that injures the leaves is sure to interfere with the production of the plant food materials made in them.

**Protect Your Eyes**

Protect your eyes with properly lensed, dark glasses when you're in the sun. Eye-strain is bound to show, and a few days of squinting in the sun leaves tight unrelaxed look unless you wear them.

## Two Charming Young Ladies Entertain 'Back to School' Party at Country Club

One of the cleverest and most unique parties in which the younger social set has participated was entertained Friday night at the Washington Country Club by Miss Barbara Parker and Miss Bobbie Lou Speaks.

It was a "Back to School" party with as many as sixty of the younger crowd there to enjoy the hilarious time.

The club house was decorated to carry out the theme of the party and made a perfect background for the evening of dancing.

Clever old fashioned double slates, with crayons dangling by ribbons from them, and clever verses written on each slate, was used to decorate each wall light. One typical verse read:

"Hickory, Dickory Dock,  
'Tis recess by the clock,  
We must be done  
When it strikes one,  
Hickory, Dickory, Dock."

At the extreme end of the clubhouse, punch and cake were served from a long table which was a picture of beauty. In the center of the table was a beautiful punch bowl, lighted from beneath and at each side of it were artistic watergardens of fall flowers, flanked by lighted tall candles and holders.

The evening of dancing was one of extreme merriment and pleasure and afforded the young people a perfect way to say "good-bye summer" and usher in the coming school days of next week.

## Honors Shared By 3 Hostesses For Pretty Tea

Mrs. Earl Parker, Mrs. Paul Streyer, and Mrs. Ralph Lloyd shared honors Friday afternoon in entertaining with a beautiful afternoon tea at the home of Mrs. Parker.

Twenty-five neighbors and close friends were included in the delightful hospitality extended for the hour of congenial visiting.

Tea was served from a table, both beautiful and unusual in its appointments, the center of which was an inverted amber bowl, surrounded by greenery and lighted from beneath, giving it an iridescent glow. On top of this was a lovely figurine, surrounded by floating bubbles, with a background of tall candles in silver holders.

Petits four and bon-bons were served, with Mrs. Edward Hunt pouring at the tea table.

## Announcement of Approaching Rites For Roush-Stewart

Announcement is being made of the approaching marriage of Miss Amy Roush, daughter of Mr. and Mrs. S. M. Roush of the Leesburg Road to Mr. Robert S. Stewart, son of Mr. and Mrs. R. L. Stewart of Middletown, Ohio.

The wedding will be an event of early autumn.

Miss Roush is a former teacher of the Middletown public schools.

Mr. Stewart is an exfoliation engineer with The Armo International Corporation and at present is assigned to Armo Mexicana in Mexico City.

Miss Roush is a former teacher of the Middletown public schools.

Mr. Stewart is an exfoliation engineer with The Armo International Corporation and at present is assigned to Armo Mexicana in Mexico City.

## Hamburger Fry Friday Evening Pleasant Event

The Good Fellowship class of the Church of Christ were entertained at the home of Mr. and Mrs. Hubert Short Friday evening for a hamburger fry.

Fifteen members of the class and four guests enjoyed the supper, prepared on the outdoor oven on the lawn, and served picnic style. After supper the party moved indoors for their business meeting and social hour of games.

## Outdoor Roast Held Thursday Most Enjoyable

An enjoyable weiner roast was held at the home of Mr. and Mrs. Robert Caplinger Thursday night combining the Men's Brotherhood and the Women's Victoria classes of the Baptist Church.

After a delicious supper, the business meeting was held. Mrs. Ethel Reno was in charge of the devotionals.

Rev. and Mrs. H. B. Twining, son Jimmy and daughter, Mary Evelyn, were welcome visitors with the group of sixty members who attended.

Estimates give 25,000,000 insects in the air above each square mile of the earth's surface.

## Social Calendar

CAROLYN BROWNING  
Telephone 9701

**SUNDAY, SEPT. 6**  
Coffey reunion will be held at the Sabina camp grounds. Bring table service and sugar.

**INVASION PLANS ARE BUILT ON ARMY FROM AMERICA; NOT ENOUGH ENGLISHMEN**

(Continued from Page One)

partly because of an RAF rule that, while the exploits of Canadians, Australians, New Zealanders, and South Africans may be mentioned freely, no British pilot of crewmen should be mentioned by name unless he has been decorated for bravery. A similar rule exists in the Navy.

In the Army, anyone may be mentioned in the press but it has been the policy to give more details on the exploits of colonial troops.

Any Allied force invading the continent, should number at least 2,000,000 combat troops, in the opinion of military men...and that is why the American Army must be called upon for a major role.

That the United Nations' command fully recognizes the situation is shown by the large numbers of American troops which are being poured into the British Isles.

The United States Army Air Force also is preparing to shoulder a big burden.

Next to the United States and Britain, Canada probably would be the biggest contributor to an invasion force. The Canadians have a well trained Commando Army which Ottawa announcements have placed at more than 150,000. Exiled governments in London would contribute little more than token forces to a big scale invasion.

## Miss Carrie Beth Maddox, Mr. Robert Pavey Wilson United in Quiet Wedding

Mrs. Robert Pavey Wilson

Mr. and Mrs. Ray R. Maddox are announcing the marriage of their only daughter, Carrie Beth, to Mr. Robert Pavey Wilson, son of Mr. Ray Wilson, on Friday evening, September 4.

It was a quiet and dignified wedding, solemnized in the Methodist Parsonage at Wilmington, with Rev. Vernon Van Beuren reading the single ring vows at half past eight o'clock.

Miss Betty Wilson, a sister of the bridegroom, and Mr. Andrew D. Craig, attended the young couple.

For her wedding, the bride had chosen a stunning cocoa brown crepe gown, made in becoming lines. Her accessories were of the matching shade, and she wore a shoulder corsage of talisman roses and baby breath.

Miss Wilson wore a becoming fall ensemble of brown jersey and accessories. Her flowers were Johanna Hill roses, in a shoulder corsage.

Immediately following the ceremony, Mr. and Mrs. Wilson left on a short wedding trip. For going away, the bride donned a smart fall wool coat of cocoa brown to complete her ensemble.

The announcement of the marriage elicits good wishes and felicitations galore, as it not only unites two favorites of the city's younger society sets, but two of the county's most prominent families.

Mrs. Wilson, who is one of Washington's most talented young girls, and gifted in beauty and personality, attended Miami University, at Oxford. For the past few years she has been in the law office of her father and her late grandfather, Tom R.

Approximately 5,500 immigrant physicians have been admitted to the United States since 1933.

## Gradale Sorority

Officers of the Alpha Chapter of the Gradale Sorority met on Friday evening at the Record-Herald office rooms to finish reports for the past year's activities of the chapter. The meeting was held in preparation for the annual election of officers which will be held on Monday evening, September 14 at the home of the primus, Miss Christine Switzer. Plans were also discussed during the session for the coming convention of all chapters in Ohio which will be held in Newark, Ohio, on September 26 and 27. Several members of the local chapter are planning to attend.

## Three Members of Younger Set Are Charming Hosts

Miss Carol Ann Gidding, Miss Mareta Craig, and Miss Jane Riber entertained a group of the younger set for a progressive supper party Friday evening in compliment to Miss Betty Rose Harsha who leaves soon for Florida.

Starting at the Craig home for the first course, the party progressed on to Jane Riber's for the entree, completing the three course dinner at the home of Carol Ann Gidding, where the dessert was served.

It was an evening of gay merriment from start to finish and proved a very happy get-together for the group who are all very reluctant to have one of their crowd leaving. A lovely train bag was presented to the honor guest as a going away token.

Aside from the hostesses and honor guest, included in the evening's pleasures were Kathryn Foster, Norma Jean Cramer, Carolyn Knapp, Mary Lorraine Boylan, Lucinda Harper, Joan Browning, Connie Kaufman and Lucinda Campbell.

**Visitors From Springfield**  
Mrs. Jeanette McGinnis entertained three guests from Springfield for dinner and bridge on Thursday at her home here. They were Mrs. Delma Carr, Mrs. Mary Louise Ware, and Miss Betty Weigal.

High scores were held by Mrs. D. H. C. Bowen and Mrs. Porter Campbell. Mrs. Robert Palmer, of Ashland, Ky., was an out-of-town guest with the club members.

**Buy War Bonds and Stamps!**

## Miss Cleaveland Entertains with Informal Supper

In compliment to the several charming and interesting out-of-town guests who are here this week, Miss Bess Cleaveland entertained with a delightful informal supper party Friday night.

Ten guests were seated at tables in the dining room which were arranged artistically and centered with pretty fall garden flowers. Corn oysters featured the menu, being prepared on grills right at the tables and lending an informal and congenial atmosphere to the party.

Those enjoying the pleasant evening were, Miss Edith Gardner, guest, Miss Leanne Nelson, of Miami, Florida, Mrs. Jan T. McLean and guests, Mrs. V. P. Garey, of Kansas City, Miss and Miss Nelle McKay, of Berry, Florida, Mrs. David Craig and guests, Mrs. Nichols, of New York City, Mrs. Joseph Avann, of Ever Illinois, and Mrs. E. F. T. ter.

## Two Table Br Luncheon Enjo At Crawford

Mrs. Vivian F. Crawford very charming hostess, members of the two table club Friday at her lovely home on the Prairie.

A delicious covered dish was served at small tables fall flowers in artistic arrangement, combined with the sunshine of the September added a colorful note to the perfect setting for the afternoon's pleasures and gaily contested bridge game.

High scores were held by Mrs. D. H. C. Bowen and Mrs. Porter Campbell. Mrs. Robert Palmer, of Ashland, Ky., was an out-of-town guest with the club members.

### GRAIN MARKET NEWS SUMMARY

CHICAGO, Sept. 5.—(P)—All grain prices were lower at the opening today as the market reflected selling inspired by Washington reports that the president's anti-inflation message Monday will call for freezing of farm prices at existing levels, for the time being, subject to probable revision in some cases. A break in cotton induced selling of grains.

CHICAGO, Sept. 5.—(P)—U. S. Dept. Agr.—Hogs, 1525; top 14.80 for good and choice 200-240 lb.; 240-260 lb. and 180-200 lb. 14.70; 260-280 lb. and 160-180 lb. 14.60; 280-300 lb. 14.50; under 160 lb. 14.10 down; sows mostly 13.50 down, few 13.75.

Cattle, 500; calves, 50; sheep, 25.

CHICAGO, Sept. 5.—(P)—U. S. Dept. Agr.—Salable cattle, 300; calves, 200; receipts largest since 1936 and compared Friday last week strictly choice and prime steers and yearlings steady, fairly active at close; all other grades medium weight and weighty steers 25-50¢ lower, with comparable light cattle 50-75¢ down; stockers and feeders 25-50¢ lower, medium to good grades off most; choice heifers steady, all others 50¢ lower; cows 25-75¢, mostly 50¢ down; bulls weak to 25¢ lower, light kinds off most; vealers 25-50¢ higher; western grass cattle in very moderate supply, hence, receipts mainly fat steers and yearlings, including yearling heifers; bulk fat steers and yearlings 13.00-15.75; grassy and warmed-up kinds closed at 11.00-13.00 mostly; extreme top fed steers 16.60; long yearlings 16.25; sizable supply to shippers 15.50-16.40; best fed heifers 15.25; weighty cutter cows declined to 8.50; most fat cows selling late at 8.75-10.00, very good kinds early 11.50 and 11.75; heavy sausage bulls reached 12.00 and choice vealers reached 16.50; choice Texas calf-weight yearling stockers early reached 14.25 and one double 69 lb. Montana feeders 13.65.

Salable sheep, none; total, 6,500; compared Friday last week: Continued further price downturns of around 1.00 compared with last Friday on spring lambs, resulted in closing prices the lowest of the season, 14.00 on sorted westerns as a closing top against 13.90 for comparable natives, with bulk springers late 13.50-13.85; throwout natives accumulated, bulking late 9.75 down; yearlings and sheep shared in decline; best slaughter yearlings for period 12.00; bulk late 11.00 down; only choice light-weight fat ewes 6.50, with bulk 5.50-6.35, and heavy natives around 5.00.

### LIVESTOCK MARKETS

WASHINGTON C. H., Sept. 4. (Fayette Stock Yards)

Hogs—200-225 lb. 14.25; 225-250 lb. 14.15; 250-275 lb. 14.00; 275-300 lb. 13.85; 300-400 lb. 13.70; 180-200 lb. 14.10; 160-180 lb. 13.85; 150-160 lb. 13.40; 140-150 lb. 13.15; 130-140 lb. 12.75; 120-130 lb. 12.50.

Sows 12.75 down.

CINCINNATI, Sept. 5.—(P)—(U. S. Dept. Agr.)—Hogs, 1525; top 14.80 for good and choice 200-240 lb.; 240-260 lb. and 180-200 lb. 14.70; 260-280 lb. and 160-180 lb. 14.60; 280-300 lb. 14.50; under 160 lb. 14.10 down; sows mostly 13.50 down, few 13.75.

Cattle, 500; calves, 50; sheep, 25.

CHICAGO, Sept. 5.—(P)—U. S. Dept. Agr.—Salable cattle, 300; calves, 200; receipts largest since 1936 and compared Friday last week strictly choice and prime steers and yearlings steady, fairly active at close; all other grades medium weight and weighty steers 25-50¢ lower, with comparable light cattle 50-75¢ down; stockers and feeders 25-50¢ lower, medium to good grades off most; choice heifers steady, all others 50¢ lower; cows 25-75¢, mostly 50¢ down; bulls weak to 25¢ lower, light kinds off most; vealers 25-50¢ higher; western grass cattle in very moderate supply, hence, receipts mainly fat steers and yearlings, including yearling heifers; bulk fat steers and yearlings 13.00-15.75; grassy and warmed-up kinds closed at 11.00-13.00 mostly; extreme top fed steers 16.60; long yearlings 16.25; sizable supply to shippers 15.50-16.40; best fed heifers 15.25; weighty cutter cows declined to 8.50; most fat cows selling late at 8.75-10.00, very good kinds early 11.50 and 11.75; heavy sausage bulls reached 12.00 and choice vealers reached 16.50; choice Texas calf-weight yearling stockers early reached 14.25 and one double 69 lb. ### REDS STOP NAZI DRIVE AT GATES OFF STALINGRAD; AXIS HALTED IN EGYPT

(Continued From Page One)

in an effort to break through to the Volga.

"Northwest of Stalingrad, Red Army men broke into enemy positions and left 270 enemy dead on the battlefield," the Russian command said.

"Southwest of Stalingrad, fierce fighting continues. Red Army men repulsed incessant enemy tank and infantry attacks... the Hitlerites suffered heavy losses."

Thus, for the first time in 72 hours, the Red armies were declared to be standing fast on both sides of the imperiled metropolis at a time when the German offensive had reached its peak.

In the Caucasus, Germans asserted they had captured the town of Tamanskaya on the Taman peninsula, directly east of the Crimean Kerch Peninsula, thereby widening the invasion salient on the Caucasian coast.

The Nazi command said German and Rumanian troops were also steadily advancing on the Soviet Black Sea naval base at Novorossisk, already abandoned by the Russian fleet.

### DAY'S ACTIVITIES IN WALL STREET

NEW YORK, Sept. 5.—(P)—Mild recovery trends cropped up in today's stock market proceedings although most were selective.

Wall Streeters who have been wondering when some of the country's mounting individual revenues would begin to seep into securities markets noted the summary of the Commerce Department which disclosed that income payments to persons in July amounted to \$9,383,000,000. This indicated an annual rate of \$114,000,000,000 and a gain of 21 percent over the 1941 month.

### TREASURY REPORT

WASHINGTON, Sept. 5.—(P)—The position of the treasury September 3:

Receipts, \$40,070,290.09; expenditures, \$272,961,684.53; net balance, \$2,866,823,988.12; working balance included, \$2,104,358,936.51; receipts fiscal year (July 1), \$1,422,703,967.60; expenditures fiscal year, \$1,017,912,497.02; excess of expenditures, \$9,505,208,529.42; total debt, \$86,459,495,415.49; increase over previous day, \$27,988,197.18.

### WAGES AND FARM PRICES TO BE LIMITED THROUGH PRESIDENTIAL EDICT, TIP

(Continued from Page One)

While the order is not expected to affect directly other cost-of-living angles, it is anticipated. Mr. Roosevelt's message to Congress and his radio address to the public will stress necessity of more taxes, more war bond purchases, more rationing, prompt payment of debts, and avoidance of hoarding.

As for an executive dismissal of legislation bolstering farm prices, it was expected that Mr. Roosevelt would count on forestalling farm bloc protests by answering some of the objections in advance in a message to Congress preceding a radio address to the people.

### FELLOWSHIP GROUP HEARS TALK ABOUT WORLD GOVERNMENT

Four from Here at Session Held in Oxford

Mrs. Jean Nisley, Miss Margaret Ashley, Miss Pat Nisley and Miss Joan Wilson, in Oxford for the two-day session of the Methodist Fellowship group, heard Dr. Walter Van Kirk, secretary of the Federal Council of Churches, declared that only a "world government" will solve the political and economic problems which will follow the war.

Members of Grace Church here and its Fellowship group these young women are to bring back topics for discussion from the Oxford meeting.

Dr. Van Kirk told the gathering that a "Worldwide new deal calling for distribution of raw materials" must be provided although it may mean a "temporary lowering of your standards of living in order to lift that of other peoples."

### STATE MUSEUM OPEN EACH THURSDAY NIGHT

Many Fayette counties will be interested in knowing that the Ohio State Museum, High Street and 15th Avenue, Columbus, will be open to the public each Thursday night for the duration of the war, and a cordial invitation is extended to everyone to visit the institution.

The Museum is also open throughout all week days, while Sunday and holiday hours are from 1 P. M. to 5 P. M.

### MORE CANNING IS DONE BY WOMEN OF CITY

Reports indicate that city residents are canning more fruits and vegetables this year than at any time in recent years.

As a matter of fact a great deal less commercially canned food will be available during the coming year, so that home canning is essential if citizens are to enjoy some of the fruit and vegetables that may not be available in tin cans.

### EMPLOYMENT OFFICE TO CLOSE MONDAY

The U. S. Employment Service office will be closed all day Monday, Labor Day, Charles Dunton, manager, said Saturday. Claimants of unemployment compensation are asked to report Tuesday.

# Mayor of Unalaska Coming for War Bond Rally

## JAP AIR RAIDS ON ALEUTIANS TO BE PICTURED

Committee Now Drafting Plans for Big Event To Be Held Sept. 14

Mayor John Fletcher of Unalaska, is to be a visitor in Washington C. H. on Monday evening, September 14, and will be a speaker at a huge rally now being planned here in behalf of the sale of U. S. War Bonds and Stamps.

Mayor Fletcher is now touring the United States telling the dramatic story of the Japanese air raids on Unalaska and Dutch Harbor in the Aleutian Islands. He is expected to bring a forceful plea for the support of Uncle Sam's war effort and the purchase of War Savings Bonds. He is appearing under the auspices of the United States Treasury Department.

At the Friday night meeting of the Fayette County Victory Fund Committee, Chairman Forrest F. Hill of the county war savings committee, told those assembled that he had just received a letter from the executive secretary of the war savings staff of Ohio announcing that Mayor Fletcher would be here and asking that extensive plans be made for a big demonstration to welcome this distinguished visitor.

Chairman Hill said that he was now completing plans for this meeting and that names of various committees and other details would be announced early next week.

It is said that Mayor Fletcher is only appearing in a limited number of localities and that most meetings arranged for him have been huge open air rallies, promoted by all the organizations of each community. He is said to tell a very thrilling story of the United States war effort and is reported to be a most interesting speaker.

It is announced by Chairman Hill that every effort will be made to bring about a county wide rally of large proportions and the public is cordially urged to take advantage of the opportunity to hear this speaker.

## GEORGE A. GREGG IS LAID TO REST

Largely Attended Funeral Services Are Held

Largely attended funeral services for George A. Gregg, for many years engineer of Fayette County, were held Friday at 2 P. M. at the Klever Funeral Home, and were conducted by Dr. J. Roby Oldham, pastor of the First Presbyterian Church of which Mr. Gregg was a member.

Dr. Oldham paid an unusually beautiful personal tribute to Mr. Gregg, stressing the sincerity which marked his entire life, and the high regard in which he was held by all who knew him, also of his wide business connections in the city and county.

Very apropos was a poem which Dr. Oldham read in conclusion, "The Life He Lived."

The entire hallway at the funeral home was filled with a wealth of beautiful flowers, from relatives, friends, business associates, public officials, Courthouse attaches, and County Highway employees.

About 80 county highway employees, Courthouse officials and attaches attended the services in a body, the Courthouse being closed for the day, and all county highway work suspended for the afternoon.

Burial was made on the family lot in the Washington C. H. Cemetery.

The pallbearers were: Tom Cullen, Roy Baughn, Dr. David Glass, Joe Merritt, Damon Baker and Verne Custin.

## MORE CHICKENS RAISED DURING PRESENT YEAR

Approximately 20 percent more chickens were raised on farms in this community this year than last, according to apparently reliable information obtained by the government.

The large number this year will probably be increased next year in order to meet the growing demand for all kinds of meat for food.

## SHOPLIFTING GROUP WILL HAVE HEARING

The five alleged shoplifters—a group of Cincinnati Negroes taken into custody by the police, Thursday evening, are to be given hearings in police court sometime Saturday.

Six stolen dresses were recovered when the police took the alleged offenders into custody.

## County Courts

**MARRIAGE LICENSES**  
Robert Pavey Wilson, 28, farmer, city, and Carrie Beth Maddox, 29, secretary, city.

**OFFICES CLOSED**  
All county offices will be closed throughout the day, Monday—Labor Day—as usual on national holidays.

## ROBERT E. WILLIS FILES PETITION FOR ENGINEER

County Commissioners Now Consider Appointment of Successor To Gregg

As a result of the recent death of George A. Gregg, Fayette County engineer, the appointment of a successor which is to be made by the board of Fayette County Commissioners is expected at an early date.

Petitions bearing 195 signatures were filed Friday evening by Robert E. Willis, with the Fayette County Board of Elections, to cause his name to be placed on the ballot as a candidate for the office of county engineer, for the coming November election. Approximately 120 signatures are required by law on such a petition.

While it was known that the county commissioners would be expected to appoint an immediate successor to Gregg, it was ascertained by county officials through an opinion from the office of secretary of state, that any such appointment made by the county commissioners, would expire when a successor was elected and qualified at the next general county election, it was also held by the election expert in the office of the secretary of state that the only manner in which a candidate for the office of county engineer could be printed on the ballot would be by petition, created by the death of the incumbent whose term of office did not expire for two years more. It was also ruled that any candidates by petition would necessarily be required to appear on an independent ballot and could not be placed on the November ballot as a candidate of a political party on the party ticket.

It was generally understood and agreed by board of election officials that any such candidate or candidates would be required to be filed with the county board of elections 60 days before the general election on November 3. This 60 day period expired Friday night and the only candidate reported filed up to that time was Willis.

It is the opinion of the county election officials that no other candidates now may be nominated by petition so that names may be printed on the November ballot. The only manner in which votes may be cast at the general election for any candidates other than those printed on the ballot would be for a voter to write in the name of any person he may choose to vote for in the blank space on the ballot allotted for any particular office.

## TWO ARRESTS MADE OVER FRIDAY NIGHT

Police activities during Friday night were confined to answering two or three complaints, arresting two men for intoxication, and making the usual patrols of the city.

The patrol, by automobile, takes the officers into virtually all parts of the city during the night.

## THE OLD HOME TOWN

## Fayette County Boys With Armed Forces

Capt. James M. Harsha is back at Camp Murphy, near Palm Beach, Fla., after completing a special course of training in Washington, D. C. A post card from Capt. Harsha says the new camp hospital was opened Tuesday. Capt. Harsha, remembered here as a physician who practiced medicine here for more than 15 years before he enlisted in the Army Medical Corps and closed his office to enter the service about three months ago, was stationed at Camp Murphy before he went to the nation's capital. Mrs. Harsha and their two daughters, Betty Rose and Laura Ann, plan to spend the winter in Florida with Capt. Harsha.

Sergeant William R. Scott is home on a 7-day furlough from Ft. Monroe, Va., with his parents, Mr. and Mrs. Raymond Scott. Sergeant Scott is a mathematician in the offices of the Coast Artillery Board.

Private Chris. E. Tatman, 914 Lakeview Avenue, this city, is now stationed at Fort Knox, Ky., ready to begin his basic training course which, when completed, will qualify him for duty with the fastest-moving armored land forces of the U. S. Army.

Stuart Gossard, son of Mr. and Mrs. George L. Gossard, who enlisted in the Army Air Corps about four months ago, has been advanced to the rank of flying corporal, a letter to his parents said. The flying corporal rank gives him a 50 percent increase in pay over that received by a plain corporal. Letters to his parents say he has been assigned to radio work on planes. He is now stationed at Camp Williams, Wis.

Lieutenant Colonel Harold Hays, formerly of Washington C. H. and a son of James S. Hays, of Washington Avenue, is now at some point overseas, according to word telephoned Saturday by his wife.

Col. Hays for years was connected with the Ohio National Guard, then served for several years as superintendent of the O. S. & S. O. Home at Xenia, later being transferred to the superintendency of the Boys Industrial School at Lancaster.

He was called into active service in 1940 and placed in charge of an important state office in connection with the Selective Service Act, then called for duty in the south and has now been transferred to some point overseas, the location not given.

Wendell Allen Brakefield, apprentice seaman, is now permanently stationed at Ft. McHenry, Baltimore, Md. He graduated at Jeffersonville and was

## COMING FEATURES AT THE THEATERS

This next week at one of the Washington C. H. theaters the West predominates, at another, the war and at the third, war and drama, in a series of dramatic intensity and variety.

**Fayette Theater**  
"This Above All," the screen presentation of Eric Knight's best selling novel, which will be shown at the Fayette Theater on Sunday, Monday and Tuesday, is a war picture with never a battle scene in it. And yet every piece of its footage, even its essential love story, is dedicated to the present struggle—the war is not lost sight of for a minute, though it is never shown. Tyrone Power plays the disillusioned war veteran and Joan Fontaine, the WAAF girl.

A screen event of major importance will take place next Wednesday, Thursday and Friday at the Fayette when Jean Gabin, the great French star, makes his American film debut in "Moon-tide," a stirring story of life along the Pacific waterfront, adapted from the best selling novel by Willard Robertson.

Gabin, who in recent years has been recognized as the greatest star of French films, gives a performance which is said to outshine any of his previous characterizations in a part which is tailor made for his virile type of acting. For a co-star, Ida Lupino was chosen.

At his slap-happiest, Milton Berle makes his first starring appearance in "Whispering Ghosts" to be shown on Saturday at the Fayette. Playing the part of a radio crime detective who solves mysteries over the air, Milton sets a laugh-packed pace. The companion picture "Through Different Eyes" is a baffling murder mystery, starring Mary Howard and Donald Woods.

**State Theater**  
Dorothy Lamour, whose pictures always turn out to be solid entertainment, will soon be here again. Dotty makes her return to the screen in a new technicolor jungle film "Beyond the Blue Horizon," which will be shown at the State Theater on Sunday, Monday and Tuesday. Her new jungle mate is Richard Denning. He is tall, blonde and handsome, is a first rate actor and seems ideal for Dotty's romantic partner. Also on the bill is "Campus Capers" featuring Jack Teagarden and his famous band.

James Cagney comes zooming, fighting and diving in "Captains of the Clouds," a picture featuring Mr. and Mrs. Emory Lucas (Hazel Speakman) are announcing the birth of a son, Marvin Emory, Friday, September 4, at the Springfield City Hospital.

## GRANGE PLANNING INTERESTING MEET

An interesting program is being planned for the regular monthly meeting of the Selden Grange, which will be held Tuesday evening, September 8, at Conner School House. The meeting will be in charge of Acting Master, W. W. Montgomery.

An attractive program has been arranged by Mrs. Ethel Cavinec, who was appointed Lecturer to fill the unexpired term caused by the resignation of Mrs. Ruth Barker, the Barkers having moved to Pickaway County.

The program will consist of a paper on "The Care of Summer Pulletts" by Mrs. Nelson Case, songs by Selden Youth Group, reports of 4-H Camp and Conservation Camp and a recreational period by the 4-H recreational boys and girls of Selden Grange.

Refreshment Committee for this meeting: Mr. and Mrs. Cecil Van Zant, Mr. and Mrs. Harold Hise, Mr. and Mrs. Homer Garlinger, Miss Frances Gine, Mr. and Mrs. Alfred Browne, Mr. and Mrs. Floyd Mitchell, and Homer E. Davis.

## HUGE CATFISH LANDED BY GREENFIELD MEN

One of the largest shovelhead catfish landed in south central Ohio this year was caught on a trot line by Ray Penwell and John Jordan, of Greenfield, Thursday night.

The big fellow was taken from the Scioto River and weighed 41 1-2 pounds. It was caught at the mouth of Sunfish Creek.

The two men caught three gar fish and three carp on the same line.

County Auditor Roy Baughn said Saturday that the \$8,000 in relief deficiency bonds, issuance of which was authorized sometime ago, are now ready to be issued as soon as signed by the County Commissioners.

The amount is to pay part of the money borrowed from the state to meet relief costs in 1941, and the sum still owed the state is about \$6,800.

The bonds will probably be issued during the coming week.
